CAREER OBJECTIVE

As a passionate **16-year-old frontend developer**, my goal is to leverage my skills in web development to build impactful solutions that solve real-world problems. I aim to create user-centric, accessible, and innovative digital experiences, contributing to positive social change and advancing technology.

EDUCATION

Bachelor of Science (B.Sc) in Computer Science

Bells University of Technology, Nigeria

Expected Graduation: 2028

PROJECTS

E-Shop – [Live Demo](#) | [GitHub Repo](#)

August 2024

Developed a fully functional e-commerce website using **HTML**, **CSS**, and **JavaScript**. Key features:

- **Responsive Design:** Works seamlessly across all device types.
 - **Interactive Features:** Product filtering, add-to-cart functionality, and smooth user navigation.
 - **User-Centric Layout:** Emphasis on simplicity, accessibility, and a clean, modern UI for an enhanced shopping experience.
-

Tech-Wave – [Live Demo](#) | [GitHub Repo](#)

July 2024

Built **Tech-Wave**, a website providing digital services and solutions. Key features:

- **Digital Product Design:** Focuses on designing innovative digital products that meet client needs.
 - **Website Development:** Offers full-stack website development services tailored to clients' specific tasks.
 - **24/7 Online Support:** Provides continuous support services for clients, ensuring round-the-clock assistance.
 - **App Development:** Offers user-friendly mobile apps for both Android and iOS platforms.
 - **Cloud Computing:** offer cloud computing services to help you scale and manage your infrastructure.
 - **Responsive Design:** Optimized for various devices, ensuring consistent user experience.
-

Dispose – Live Demo | GitHub Repo

April 2024

Collaborated with a team to develop **Dispose**, a web app focused on waste management and recycling solutions. Technologies used:

- **HTML, CSS, Bootstrap, and JavaScript.**
 - Features include real-time waste tracking and user-friendly interfaces to encourage sustainable practices.
 - Played a key role in developing interactive components and optimizing the app for mobile users.
-

SKILLS

- **Web Development:** HTML, CSS, JavaScript, Bootstrap, ReactJS
 - **Version Control:** Git, GitHub
 - **Responsive Design**
 - **Problem Solving and Critical Thinking**
-

CERTIFICATIONS

- **FreeCodeCamp Responsive Web Design Certification**
 - **FreeCodeCamp JavaScript Algorithms and Data Structures Certification**
-

EXTRA-CURRICULAR ACTIVITIES

- Volunteered as a developer for community projects focused on using technology to solve local issues.
 - Active member of **Tech Clubs** at school, leading workshops on web development and coding.
 - Participated in hackathons and coding challenges to enhance problem-solving skills and gain real-world experience.
-

ADDITIONAL INFORMATION

- **Languages:** Fluent in English and Yoruba
- **Interests:** Coding, reading tech blogs, contributing to open-source projects, and exploring new technologies.
